MELISSA'S MUSING

Fall is here and it's time for cooler weather and warm drinks and festive colors. I am reminded that with these changes that life is always changing too. So we as Alpha Omega are starting our new year with some changes. Not only do we have a new executive board but we will be having our meetings virtually for a while. What a brave new frontier we are going into.

I want to thank those that joined the other night for the test run. We had 13 members on line and talking with each other for the first time in a while. I know this is new and comes with drawbacks but the positives are that we can meet with those who may not always feel like they can attend face to face.

So I ask you all to join me as we brave this new time and carry Alpha Omega Chapter in the 21st century and into bigger and better things.

Love,
Melissa
